Reparations Commission, in  
Note to Berlin, Points to  
Consequences if Sum Due  
May 1 Is Not Delivered.

ALLIES MAY OCCUPY  
A PORT IN GERMANY

Premier Briand Declares  
Treaty Provisions Will Be  
Enforced if Germany Per-  
sists in Her Attitude.

By the Associated Press.

PARIS, March 24.—The German Government was notified by the Allied Reparations Commission today that the total amount of 20,000,000,000 gold marks due under article 235 of the peace treaty must be paid by May 1 or additional penalties will be inflicted upon Germany.

The commission delivered a note to the German delegation here with a request that the note be transmitted to the German Government in Berlin as quickly as possible.

Not Obligated to Hear Proposals.

The commission in its note says there is nothing in the treaty which obliges it to hear the German Government upon the conditions under which the deliveries to make up the 20,000,000,000 marks payment to the allies (which article 235 of the peace treaty stipulated should be paid by Germany by May 1) should be made or appraised.

The Germans in their note delivered Wednesday asked that joint commission of experts fix the value of the German deliveries on reparation account, which they claimed averaged more than equalled the twenty billion mark total.

The note adds that the commission waited as long as possible before demanding payment by Germany, thinking the German Government would take the necessary measures faithfully to fulfill its obligations under article 235. The commission is now persuaded, however, it says, that this is not the case.

The commission states that it demanded the payment by March 23 of 1,000,000,000 marks in gold to apply on the reparation account because of a certainty that Germany possessed sufficient funds to make immediate payment.

The note concludes by saying that in any event the total amount of the 20,000,000,000 gold mark payment must be handed over between now and May 1 and that nonpayment of the amount will entail penalties.

Power to Be Informing.

The German Government is considered as defaulting in fulfillment of its undertakings, the commission declares, and therefore, the commission has decided immediately to call the attention of all the interested powers to such failure.

The action of the allies, provided satisfaction is not given by the German Government, is expected to be an extension of the penalties already applied by the occupation of further territory east of the Rhine, or of some German port. It is not thought likely that the allies will take into consideration the German proposals referring to the estimated value of the payments already made by them in kind.

The incident is regarded here as not changing the situation between the Germans and the allies, as violations of the treaty in other respects are regarded as justifying the application of all penalties provided for under the treaty. This, however, is the first specific refusal of the Germans to execute a provision of the treaty within the time limit fixed by the treaty.

Premier Briand informed the Senate Committee on Finance and Foreign Affairs yesterday that he expected new German proposals in connection with reparations, particularly concerning industrial participation by Germany in reconstruction in the devastated regions. With reference to the question of the payment of 20,000,000,000 gold marks before May 1, and more especially the payment of 1,000,000,000 due yesterday, M. Briand declared that the Germans did not pay, the treaty of Versailles would be applied to the full limit.

British War Widows Remarrying.

LONDON, March 24.—British war widows are remarrying so rapidly that the Chancellor, Austin Chamberlain, expects to be able to reduce pensions appropriations in this year's budget by £10,000,000. The pensions granted to widows of soldiers who died in active service are withdrawn when the widows remarry.

Mounted Police Report Big Camp  
Is Being Formed in Far  
North Oil Field.

By the Associated Press.

FAIRBANKS, Alaska, March 24.—Daniel Cadzow, factor of Rampart House, one of the northernmost posts of the Hudson Bay Co., here today, said mounted police patrols, returning from their annual mail trips from Fort McPherson and McKenzie River districts, declared an immense camp was being formed in the Fort Norman oil fields, with hundreds already en route and others awaiting the opening of spring traffic.

The Fort Norman field, Cadzow said, is 300 miles long and 200 miles wide, along the McKenzie River. One well, sunk by the Imperial Oil Co., gushed 1000 barrels an hour at 800 feet, according to Cadzow's information, and arrangements are being made to pipe to the nearest navigable stream. The Canadian Government has two airships for communication with the oil fields.

"RING CONTROL" IN  
LEAGUE OF WOMEN  
VOTERS CHARGED

Several Ward Chairmen Circulating Petition With  
View to Having 28 Officials Resign Tomorrow.

"BODY HAS OUTLIVED  
ITS USEFULNESS"

"Little Clique of Leaders Ignores Wishes of Membership," Says Mrs. Dollie Loth of 19th Ward.

Aroused by what they term partisanship and "ring control" in the St. Louis League of Women Voters, several of the women ward chairmen of that organization today are circulating a paper among the ward chairmen setting forth the "shortcomings" of the organization with a view to having the 28 ward chairmen resign in a body tomorrow.

One of the signers is Mrs. Dollie Loth, 2708 Baldwin avenue, Republic. Nineteenth Ward chairman, Mrs. Loth said nine ward chairmen of the league had agreed this morning to sign the paper of denunciation embodying their resignations, and that all, or at least a majority of the others, would probably sign it before midnight.

The petition is written in the form of a resolution, and the signatures of a majority of the ward chairmen will be equivalent to its proper adoption, said Mrs. Loth. It was inspired, she said, by women voters who believe the St. Louis League of Women Voters is not functioning strictly as a nonpartisan organization.

## SAYS THE INDUSTRY MUST BE STABILIZED

Asserts City Should Lend Credit to Attract Capital for Construction of Elevated or Subway System.

James W. Byrnes, Democratic nominee for Mayor, who is running on a non-partisan platform of business administration, today made public his proposal for carrying out one of the 10 planks of his platform, which is, "Increased and rapid transportation at cost."

Byrnes, in his opening speech of the campaign Monday night, made only brief mention of the transportation and free bridge questions, saying he would announce his detailed plans on both matters with a few days. The details of Byrnes' proposed free bridge policy still remain to be announced, and this announcement will probably be made next week.

Byrnes' announcement as to a transportation policy is as follows: "I shall consider the transportation problem as it exists today regardless of past performance, and an analysis discloses the following facts:

- "1. The public at present is entitled to, and is in immediate need of, additional service; and more rapid service, if not immediately, in the very near future. Additional service and rapid service are vital to the growth and progress of the city.
  - "2. The urban railway system is in the hands of a receiver, and is not financially able to increase service by betterment of plant and property, and is without funds for expansion.
  - "3. Increased fares tend to decrease usage and revenue.
  - "4. To secure financial support the industry must be stabilized and the element of additional gain preserved, to stimulate economy and efficient management.
- Suggested Solution.
- "I believe the above conditions are correctly stated and fundamentally sound, and I suggest as a solution:
- "1. Fair value of the properties to be established plus the amount necessary to put them in the best physical condition.
  - "2. That the cost of fares be ascertained as follows:
    - (a) Cost of taxes.
    - (b) Cost of maintenance.
    - (c) Cost of operation.
    - (d) Cost of the use of the capital invested.
  - "3. These elements will represent cost of fare to be charged.
  - "4. I believe the above statements of cost are also fundamental and correctly stated and need no special discussion. The only point to deliberate is the question of cost of capital invested in the properties, and how should carry a low minimum rate, made currency to stabilize the industry, and a maximum rate to insure efficient economical management, thus stimulating the desire for economy. All earnings above the rate for the cost of fares to be used preferably for additional service, or turned in to the general fund of the city treasury. Careful to be raised or lowered at stated intervals to conform to the cost. All extensions to be financed by increase of securities for actual cost of construction.
  - "5. For rapid transportation we should have either elevated or subway, or combination of both located in such a manner as to stabilize traffic from the downtown districts and with a downtown loop and lines radiating according to the density of population, thus giving service to every part of the city in approximately 15 minutes.
  - "6. If the above method should not attract capital for construction of an elevated or subway system, the city

# Text of Russian Appeal to U. S. for Trade Agreement

WASHINGTON, March 24.—The text of the Russian Government's communication to the United States Government appealing for a trade agreement, which was received at the White House yesterday, is as follows:

"From the first days of her existence, soviet Russia had nourished the hope of a speedy establishment of friendly relations with the great republic of North America and had firmly expected that intimate and solid ties would be created between the two republics, to the greater advantage of both.

"At the time when the Entente Powers had begun their invasion of soviet Russia, unprovoked and without declaration of war, the soviet Government repeatedly addressed itself to the American Government with the proposal to adopt measures for the cessation of hostilities. Even when the American troops participated in the attack upon soviet Russia the Russian republic still expressed the hope of a speedy change of America's policy toward her and demonstrated this by its particularly considerate treatment of the Americans in Russia. But President Wilson, who without repulse and without any declaration of war, had attacked the Russian republic, showed during his whole administration a growing hostility toward the Russian republic.

"Soviet Russia hopes that the American republic will not per-

should lend its credit to the proposal.

"The plan is broad and general and if accepted by the public, the details may readily be worked out for operations and extensions. The city may enter into some such plan by vote of the people."

Under the State statutes, the Public Service Commission has authority over rates of fare, and power to order improvements in service. Mayor Kiel has pointed to the fact of the State Commission's control as limiting the Mayor's power over transportation conditions.

Byrnes said, in reply to this, that the Mayor did not consult the State authorities when he made his settlement of January, 1919, with the company, validating the company's franchises until 1929. He has declared that the Mayor should not set up limitations imposed by State policy as an excuse for a "do-nothing" policy as to street railway conditions.

# KIEL SAYS BYRNES IS DEMOCRAT AND NOT NONPARTISAN

Accuses Democratic Candidate of "Camouflaging" Candidacy for Political Ends, in Address.

Mayor Kiel will speak to Republicans of the Third and Eighteenth Wards tonight, in the old Y. M. C. A. building at 1909 St. Louis avenue, in behalf of his candidacy for a third term.

The Mayor spoke last night in the Twenty-second Ward, at 4267 Easton avenue, to a gathering which filled a small storehouse. He laid emphasis on party distinctions, saying there was no non-partisan candidate in the contest, but only the Republican candidate, James W. Byrnes, "trying to camouflage as a nonpartisan."

He referred to an article in the last issue of Collier's Weekly, describing St. Louis as a "Miracle City," and contrasted this with newspaper criticism of his administration.

"The All-Russian Central Executive Committee, therefore, proposes to send a special delegation to America which will negotiate with the American Government in order to solve the question of business relations and of resumption of trade between Russia and America."

# MARCH 15 PAYMENT OF INCOME TAXES PLACED AT \$675,000,000

Secretary Mellon Estimates Total for Year From This Source Will Be \$2,050,000,000.

WASHINGTON, March 24.—Income and profits tax collection for the March 15 installment was estimated by Secretary Mellon today to be \$675,000,000. To the close of business March 22, \$650,000,000 had actually been deposited from the collections, Mellon added.

Mellon estimated on this basis that total revenue from income and profits taxes for the fiscal year ending June 30, 1921, would be \$2,050,000,000. This amount, he said, was fully up to the Treasury expectations.

# MISSOURI INDUSTRIES SET NEW PRODUCTION RECORD IN 1919

Total Value of Products Was \$1,576,442,056, State Commissioner Announces.

JEFFERSON CITY, March 24.—The total value of products manufactured by 12,087 Missouri industries in 1919 was \$1,576,442,056, according to an announcement made by William H. Lewis, State Industrial Commissioner, today. The 1920 statement will not be available for another year.

The 1919 record surpasses all previous years and eclipses the output of 1914, the last pre-war year, by \$400,131,028, or 25.4 per cent. During 1918, when production was at its maximum, Missouri's industries turned out products with a total value of \$1,176,311,028, when was the high mark until last year, Lewis said.

In 1914 it required 194,552 employees to manufacture products worth \$1,176,311,028. Earnings of these employees totaled \$130,962,613. The total number of men, women, boys and girls employed in 1919 in Missouri was 292,741, and their earnings totaled \$269,088,785. Capital invested in Missouri in 1919 was \$763,777,283, compared with \$524,289,745 in 1914.

# OFFICIALS GIVING CLOSE STUDY TO RUSSIAN PROBLEM

Some Hold Satisfactory Trade Relations Can't Be Established Without Recognizing Soviet.

WASHINGTON, March 24.—Government officials remained noncommittal today regarding the possibility of a resumption of trade relations between the United States and Russia as proposed in the message from the Soviet Government to President Harding and the American Congress offering to send a delegation to this country to negotiate. Belief that the Russian appeal at least being regarded with interest by officials was based primarily on indications that they have given considerable scrutiny to the recently negotiated British-Russian trade agreement.

Without formal announcement having been made, the attitude of the United States toward the importation of gold, supposedly of Russian origin, was indicated. There now is on the way to this country a large quantity of gold shipped from Stockholm and said to be the mint mark of the Swedish Government. It was explained that the United States would not concern itself as to the origin of the metal and that the origin to whom it has been consigned would receive it at their own risk, leaving the adjustment of any question as to its ownership to the courts.

The position of the Government is that it cannot well impugn the status of the metal which bears the stamp of a recognized government. The former administration discouraged such importations.

"It also became known that there has been some slight relaxation of the strict regulations governing the issuance of visas and passports, although it was explained that only in extreme cases would there be any modification.

In some official circles the opinion was expressed that satisfactory trade relations with Russia cannot be resumed unless the soviet Government is recognized by this country. Since all Russian trading is in the hands of the soviet Government, it was explained, shipments of goods to this country would be liable to attachment by creditors of the imperial Russian Government.

Recognition of the soviet by the United States alone, officials declared, would legalize so far as this country is concerned the Russian trade with the imperial Government and shipments would be free from seizure by creditors of the old regime. Such a case of attachment has been decided by the British courts in the case of a shipment of lumber from Russia, which was attached by creditors of the imperial Government who contended that the cargo was the property of the old Government unlawfully taken by the soviet. The British court held, it was added, that attachment would lie and the creditors of the Russian Government expressed the opinion that Russia was attempting to obtain recognition under the guise of trade negotiations, as there was in reality little that Russia now has to offer this country. Secretary Hoover, in a formal statement last Monday, declared, except for some gold and platinum and a little flax, Russia was without any considerable amount of commodities which would have a market in this country.

BERLIN, March 24.—Order has been restored in Hamburg and the communists have been ejected from the shipyards which they had occupied.

By the Associated Press.

HAMBURG, March 24.—Fifteen civilians and one policeman were killed and six persons were wounded in riots here late yesterday afternoon.

The mob attempted to break the police cordon about the Vulcan shipyards and to disarm the police. The police ordered the crowd to disperse, and when this order was ignored, the officers opened fire and threw hand grenades into the mob. The Blohm and Voess shipyards, about which there was considerable fighting yesterday, have been closed. Communist leaders tried to hold a mass demonstration in Heilgengeist Field, in the Altona section of the city, but were unable to obtain possession of the field, as the police held it. Street car service was virtually suspended during the day, and some streets have been barred.

The Communist Volks Zeitung of this city has called upon workers to arm themselves.

Reports of serious rioting at Eisleben, Prussian Saxony, have been received here. Communists there attacked the security police, forcing them to retire. The police headquarters were also attacked, and it is said several persons were killed and wounded. Shops at Eisleben are declared to have been looted by mobs.

# MAN GETS 20-YEAR TERM; REJECTED ONE OF 7 YEARS

One of Six Implicated in Holdup of Refrigerators Company Tried After Refusing to Plead Guilty.

Oscar B. Roderman, 39, of 4933 McCrete avenue, who had rejected an offer by the Circuit Attorney to accept a sentence of seven years in penitentiary on a plea of guilty, was today, after a trial, sentenced by a jury to serve 20 years for first degree robbery in connection with the holdup last Aug. 21 of the paymaster of the National Refrigerators Co., 827 Koeln street, in which \$4056 was obtained. Roderman was the last of six men implicated in the robbery whose cases have been disposed of. Of the other defendants, four stood trial and were sentenced, as follows: Charles C. Adams, 15 years; Roy Clarence Mills, 12 years; Clifton Roy Frank, 10 years; and Harry Schmeizer, eight years. Thomas Flowers pleaded guilty and turned State's evidence against the others. Sentence in his case was deferred.

A confession in writing by Roderman, which he repudiated, was considered the strongest evidence against him at the trial. It he admitted having received from Frank \$340 as part of his share in the proceeds of the robbery. According to the testimony of Flowers, who formerly was a member of the Fire Department, Roderman had been employed at the refrigerators plant as a private detective during the robbery and he became familiar with the movements of the paymaster. Roderman, the paymaster, was returning from a trust company with the payroll money wrapped in a package. As his automobile approached the railroad tracks the crossing gates were lowered by one of the robbers. When he stopped his car two men accosted him with drawn revolvers and compelled him to hand over the money.

Roderman, on the witness stand, denied that he had anything to do with the robbery and accused Flowers of "framing" against him.

## CHARGES AGAINST BANKER FILED

Six Affidavits Presented in  
Court Charging Undue In-  
timacy Between Stillman  
and Mrs. Leeds.

By Leased Wire From The New York  
Bureau of the Post-Dispatch.

NEW YORK, March 24.—Angered  
by the open and repeated charges of  
infidelity made by Delaney Nicoll  
in behalf of James A. Stillman in  
yesterday's alimony hearing before  
Justice Morchauer at White Plains,  
attorneys for Mrs. Stillman a few  
hours later filed six affidavits charg-  
ing undue intimacy between Stillman  
and Florence Lawlor, a chorus girl,  
who is also known as Mrs. Florence  
H. Leeds.

The tactics of Nicoll and the quick  
and angry rejoinder of Mrs. Still-  
man's counsel is taken to indicate  
that the last attempt at secrecy in  
the matter has been abandoned and  
that the parties to the scandal have  
concluded that inasmuch as so much  
has been said and printed, the whole  
matter might as well be threshed  
out publicly. The new affidavits  
filed by Mrs. Stillman cover a period  
which began Oct. 1, 1917, and the  
places mentioned are a house at 64  
East Eighty-sixth street, Stillman's  
country place, Rest Court, at Stony-  
brook, L. I., and various hotels.

Servants Have a Day Off.  
That neither Stillman nor his wife  
will be able to get a divorce decree  
is the conclusion reached by those  
intimately acquainted with the af-  
fairs of the family, after yesterday's  
proceedings at White Plains. Al-  
though the case centered in the  
White Plains hearing and the end-  
less array of former servants and  
other employees who have been con-  
tributing from their recollection  
about the affairs of the family, and  
especially about the association of  
Stillman with "Mrs. Leeds," had a  
day off.

The exposure of Stillman's as-  
sociation with the chorus girl has come  
from a number of sources. One rea-  
son for this is the remarkable num-  
ber of attendants who were em-  
ployed by the couple. Mrs. Leeds  
had no less than 18 nurses in the pe-  
riod between February, 1918, and  
November of the same year, when  
her baby, "Jay Jay," was born. Maids  
were also engaged and dismissed,  
and so were chauffeurs, with the re-  
sult that when the explosion came  
there was a host of men and women  
who were able and willing to iden-  
tify Stillman as the Leeds who had  
employed them.

Developments in Trial.  
Following are the outstanding de-  
velopments that accompanied the ar-  
guments of the opposing lawyers yes-  
terday:

Delaney Nicoll, chief counsel for  
Mr. Stillman, for the first time re-  
vealed the banker's explanation of  
his action in bringing his astounding  
charges against his wife and her son.  
Guy Nicoll declared his client con-  
sidered it his duty to prove Guy's il-  
legitimacy for the sake of "his fa-  
ther's memory, his family and his  
children." He announced that the  
case would not be dropped.

Nicoll charged in open court that  
Perd Beaulvais, Indian guide, was the  
father of the child, Guy. The law-  
yer referred to the letter which Mrs.  
Stillman wrote her husband before the  
birth of Guy as a confession  
"written in a moment of hysteria,"  
and declared that her intimacy with  
the Indian began in 1916 and con-  
tinued beyond the birth of Guy until  
1919.

Justice Morchauer declared from  
the bench that the issue of the boy's  
legitimacy was the most important  
issue in the case and that adequate  
counsel fees should be provided for  
his defense.

Cornelius J. Sullivan of counsel for  
Stillman declared in an affidavit that  
the banker's income was \$536,000.  
On the strength of this John F. Bren-  
nan of counsel for Mrs. Stillman an-  
nounced it was no longer necessary  
to press his request for the examina-  
tion of Stillman on his income. At a  
previous hearing counsel for Mrs.  
Stillman had said the banker's in-  
come was between \$300,000 and \$1-  
000,000, while his attorneys said it  
was about \$200,000.

Counsel Tells of Income Changes.  
Nicoll explained the difference be-  
tween the banker's income of \$224-  
000 in 1919 and \$36,000 in 1920 by  
saying the income in both cases was  
net after the deduction of income  
taxes. In 1919 the tax was more than  
\$200,000, but in 1920 Stillman was  
able to write off losses owing to the  
fall in prices, so that he did not have  
to pay such heavy taxes as in 1919.

Counsel for Mrs. Stillman asked for  
\$10,000 a month alimony on the ground  
that Stillman has not only been pay-  
ing his wife \$5000 a month since  
July, 1920, but had made pay-  
ments to his three children, Anne,  
James and Alexander, bringing the  
total payments close to the alimony  
demanded. He said Mrs. Stillman  
wanted to pay for the maintenance of  
the children out of her alimony.

Nicoll said his client was willing  
to pay a reasonable amount, but de-  
clared the largest sum ever granted  
in New York State was \$25,000 a  
year and \$5000 counsel fees, grant-

ed to Mrs. Gould in the Gould di-  
vorce case, in which Mrs. Gould had  
asked for \$40,000 a month.  
In accepting moving papers and  
affidavits, Justice Morchauer an-  
nounced from the bench that owing  
to the public importance of the case,  
everything must be "open and  
aboveboard." When he signed the  
alimony order, he announced he had  
joined in a double suicide. According  
to the theory of members of the  
family, however, Mrs. Henley, after  
finding the bodies of her daughter,  
discovered the glass containing the  
poison and without knowing its ex-  
tremely deadly nature tasted it in

## CARDINAL GIBBONS DIES IN BALTIMORE IN HIS 87TH YEAR

Continued From Page One.

used his usual daily routine inter-  
rupted only by visits away from home to  
church functions, the most notable  
of these being the Pan-American  
mass at Washington on Thanksgiving  
day. He was suffering from a cold  
but apparently felt no ill effects from  
the trip and a short time afterward  
went to Emmitsburg, Md., to partici-  
pate in a religious celebration, where  
he again exhibited symptoms of  
weakness. Then, in pursuance of  
a plan for a rest, the Cardinal went  
to the home of his lifelong friends,  
the Shivers, at Union Mills, Carroll  
County, where he had spent many  
of his holidays, particularly his  
birthdays.

Instead of staying there only a few  
days, as he had originally intended,  
it was a full month before his medi-  
cal advisers deemed it prudent to  
permit the journey home. Twice  
during his stay at Union Mills he col-  
lapsed and so grave was the crisis  
that the last sacraments were admin-  
istered during the first spell.

Attacks of weakness, which first  
brought realization to the Cardinal's  
household that he was aging rapidly,  
began with a cold. While preaching  
at Havre de Grace on Sunday, last  
Nov. 6, after having confirmed 150  
children, he suddenly became faint,  
but was able to continue his dis-  
course in a few moments. These  
seizures became more frequent as  
time went on.

The Cardinal's mental faculties  
were now impaired by his physical  
infirmities; on the contrary, his mind  
seemed to become keener. He realized  
that his end was approaching.

## CARDINAL GIBBONS GAVE 60 YEARS TO SERVICE OF CHURCH

He Was Born in Baltimore of  
Irish Parents—Was Made a  
Cardinal in 1886.

ACTIVE service of almost 60  
years in the interests of his  
church, as well as his church, is  
closed by the death of James (Cardi-  
nal) Gibbons.

Born in Baltimore, Md., of Irish  
parents, July 17, 1834, James Gib-  
bons spent his youth in Ireland, but  
when he was a lad of 14 years his  
family returned to America, settling  
in New Orleans, where he acted as  
"pious little boy."

His ambition for the priesthood  
began in those early days. At 21 he  
began preparations for his service in  
the Roman Catholic Church. Gradu-  
ating with distinguished honor from  
historic St. Charles College in Mary-  
land, he pursued his studies at the  
seminary of St. Sulpice and St. Mary's  
University in Baltimore. At  
the outbreak of the Civil War he was  
ordained to the priesthood in Balti-  
more. He was 27 years old.

At the close of the Civil War,  
Father Gibbons became private sec-  
retary to Archbishop Spalding and  
was appointed Chancellor of the dioc-  
ese. Through strength of character  
he rapidly won his way. He was  
elected assistant chancellor to the  
second Plenary Council at Baltimore  
in 1866. Two years later, by a bull  
of Pope Pius IX, the young priest  
was transferred to North Carolina,  
where he served as titular bishop  
and first vicar apostolic.

His record in the Southern State  
is remarkable. He traveled among  
his people from the sea to the moun-  
tains, eating from bare boards and  
sleeping in shabby cabins. Thus, it is  
said, he made the personal acquaint-  
ance of every adult Roman Catholic  
in North Carolina. He built six  
churches, established the Sisters of  
Mercy and built for them a school  
for negroes and whites.

went to Richmond in 1872. He

## ACCIDENT THEORY NOW IN DEATH OF MRS. HENLEY

Family Believes Mother  
Tasted Poison to See What  
Had Killed Wife of Indiana  
Capitalist.

Special to the Post-Dispatch.

INDIANAPOLIS, Ind., March 24.  
—Business and social circles are  
shocked over the suicide yester-  
day of Mrs. Stoughton A. Fletcher,  
wife of the president of the  
Fletcher American National Bank  
and Indiana's leading capitalist and  
financier, and her mother, Mrs. Eva  
Henley. The tragedy occurred at the  
beautiful Fletcher homestead, Laurel  
Hall, near this city.  
Belief that death of Mrs. Henley  
may have been accidental was ex-  
pressed by members of the family  
and servants on the Fletcher estate  
today. Mrs. Henley died of poison  
found about an hour after she had  
found the body of her daughter. At  
first it was believed and the coroner  
so found, that Mrs. Henley, overcome  
by the act of her daughter, had  
joined in a double suicide. According  
to the theory of members of the  
family, however, Mrs. Henley, after  
finding the bodies of her daughter,  
discovered the glass containing the  
poison and without knowing its ex-  
tremely deadly nature tasted it in  
an effort to find out what it was.  
According to physicians a few drops  
of the poison is sufficient to cause  
death.

## Had Lived at Fletcher Home.

Mrs. Henley, who was 69 years old,  
had been making her home at Laurel  
Hall for the last four years, and was  
concerned over Mrs. Fletcher's  
health.

Mrs. Fletcher, who was 39 years  
old, according to information given  
to Coroner Robinson, had been dead  
for seven or eight hours when her  
body was found by her mother. Rus-  
sell Stahl, a butler at the Fletcher  
mansion, said he entered Mrs.  
Fletcher's dressing room in response  
to a summons and found Mrs. Hen-  
ley stooping over the body of her  
daughter, apparently seriously check-  
ing her hands and wrists in an effort to  
resuscitate her. He said Mrs. Henley  
ordered him to call a physician.

In the court of the King's bench  
yesterday, the Lord Chief Justice  
granted a conditional order of habeas  
corpus in behalf of six prisoners  
courtmarshalled at Cork on the  
charge of levying war. The applica-  
tion was made on the ground that  
the courtmarshalling had no jurisdic-  
tion.

## In Ill Health for Two Years.

Mrs. Fletcher has been in ill  
health for almost two years and  
during that time has been almost  
constantly under the care of physi-  
cians. She recently returned from  
the East, where she spent the winter  
with her daughter, Louisa Fletcher,  
17 years old, who is a student in a  
girl's school in New York. About a  
month ago, following her return to  
Laurel Hill, her illness became acute  
and she was bedridden for three  
weeks, resuming her household du-  
ties only a few days before her death.

The last days of Cardinal Gibbons  
were spent among his friends in his  
native Baltimore. He was a pic-  
turesque figure on the streets. Not-  
withstanding his high office his emi-  
nence was one of the most dem-  
ocratic of Americans. During his  
daily walks about the city, he re-  
ceived the respectful salutations of  
persons of all ranks, responding  
with his genial and cordial smile,  
whether to a policeman or a distin-  
guished financier.

## Simplicity of Cardinal's Life.

One of the direct causes of the  
Cardinal was the simplicity of his  
life. In spite of the tremendous de-  
mands upon him, anyone could walk  
up his country road and see that his  
usual hours for receiving guests  
with reasonable certainty of being  
received by the Cardinal. The house  
was most modestly furnished. Or-  
dinarily the linen closet contained no  
cardinal red furnishings served the  
double purpose of keeping out the  
dust and concealing rather strenu-  
ous exertions. He was the first Roman  
Catholic prelate in the United States  
to take part in the election of a  
Pope, casting his ballot for Pius XI.

## 24 PERSONS KILLED, 30 WOUNDED, IN IRISH AMBUSCADES

Killing of Policemen Be-  
lieved to Be in Reprisal for  
Recent Executions by  
British Government.

By the Associated Press.

CORK, March 24.—Members of  
the Irish Republican army made a  
carefully planned attempt last night  
to break into the jail here and re-  
lease prisoners under death sentence.  
The attempt failed, however, owing  
to extraordinary precautions taken  
by the authorities.  
The multiplication of the ambus-  
cade is believed to be largely due to  
reprisals for the recent executions.  
The Sinn Fein is said to regard their  
men as belligerents and the execu-  
tion of those captured as a breach of  
the laws of war and punishable by  
reprisals.

## Ambuscade Follows Execution.

The execution of Whelan was fol-  
lowed by the killing of two police-  
men in his native town of Clifden.  
The deaths of the policemen were  
avenged in Clifden by house burn-  
ing.

The execution of Patrick Moran  
has been followed by the killing of  
two policemen in his native district  
of Roscommon.

For every man executed vengeance  
is anticipated, and as the Govern-  
ment has in custody many men li-  
able to the death penalty, and is said  
to mean to carry out executions, the  
piling up of deaths on each side is  
considered here as inevitable.

No big outbreak is thought prob-  
able, but the daily guerrilla warfare  
between the troops and police, and  
the individual shooting of policemen  
and men suspected of having deal-  
ings with them, are considered not  
likely to be seriously checked by any  
Government measures yet taken.

corpus in behalf of six prisoners

## British to Set Limits of American Relief in Ireland.

LONDON, March 24.—Although  
the greatest secrecy surrounds the  
recent discussion by the British Gov-  
ernment of prospective American re-  
lief measures in Ireland, the Post-  
Dispatch correspondent has learned  
that Gen. Sir Neville Macready, who  
is practically military dictator of that  
country, has been invested with  
powers to say just how any relief  
can be administered and what will  
be its extent.

As soon as American relief offi-  
cials went to Ireland, it is stated,  
Gen. Macready returned to London  
to confer with Premier Lloyd George  
and the cabinet, which is then de-  
clared to have invested Ireland's  
military dictators with the powers as  
already outlined.

The military argument is that the  
infiltration of a large amount of

## 24,400-FOOT LEAP WITH PARACHUTE SETS NEW RECORD

Lieut. Arthur G. Hamilton Steps  
When Ascending for Drop  
at Chanute Field.

By the Associated Press.

CHAMPAIGN, Ill., March 24.—A  
new record for a parachute leap was  
established yesterday when Lieut.  
Arthur G. Hamilton dropped 24,400  
feet—4.5 miles—from an airplane  
at Chanute Field. He made the  
ascent in a De Havilland B-4 plane,  
piloted by Lieut. Harry Wedington,  
and descended in a regulation para-  
chute. He slept during the hour and  
26 minutes required to make the  
ascent, but kept much awake during  
the drop.

Special arrangements were made  
for the feat. The plane and motor  
were tuned up by the best experts at  
the field. Lieut. Wedington was  
dressed for an altitude flight, but  
Lieut. Hamilton wore only the regu-  
lation outfit. He occupied the rear  
cockpit. He was wrapped in blank-  
ets and the cockpit was covered  
with canvas. A wire from the can-  
vas to Lieut. Wedington's seat was  
used by the pilot to release the cov-  
ering. The rush of cold air awoke  
Lieut. Hamilton, who stepped upon  
a platform at the side of the cock-  
pit, and when the plane was in proper  
position leaped off into space. The  
parachute opened perfectly.

Lieut. Hamilton landed seven miles  
northeast of Chanute Field. There  
was little wind when he jumped from  
the plane, but at an altitude of 18-  
000 feet a strong current engulfed  
his parachute and carried him along.  
Lieut. Hamilton held the previous  
record, which was 20,900 feet, made  
at Carlstrom Field, Arcadia, Fla.

## Prisoner, Trying to Escape, Is Shot.

LEAVENWORTH, Kan., March

the United States disciplinary bar-  
racks, whose home is in Batesville,  
S. C., was shot in the neck today and  
will probably die, following an at-  
tempt to escape.

## NEGRO CONVICTED OF MURDER OF WOMAN CHURCH ORGANIST

By the Associated Press.  
NEW BRUNSWICK, N. J., March  
24.—George Washington Knight, 22,  
negro of Cliffwood, today was found  
guilty of first degree murder in the  
connection with the death of Mrs.  
Edith Wilson, a church organist,  
who was attacked near her home  
March 12. Knight was sentenced to  
die during the week of May 1. The  
jury returned its verdict in 15 min-  
utes.

Mrs. Wilson's body, bearing marks  
of a brutal attack, was found on the  
night of March 12 in a vacant lot  
near her home. It was raining and  
an umbrella had been opened and  
thrown away. Knight was arrested  
the next day and made a confession,  
which his attorney said was extorted  
from him. He testified yesterday he  
did not remember whether he had  
attacked the woman.

## Secretary Said He Had Made Careful Study of the Paper and Found Nothing to Indicate That Bergdall Had Been Made of the German Government. The war status be- tween the United States and Ger- many had a natural effect on diplo- matic relations, Weeks said, but he added that Bergdall had violated a British passport obtained in Can- ada and that as Great Britain was at peace with Germany, it would be possible for her to ask for deliver- ance of persons who had violated pas- port laws. There was no intimation however, that the United States would suggest that Great Britain should make an effort to get Bergdall back to this country.

Secretary Weeks said that he was  
asking only that he be advised of its  
result of a study of the case from an  
international viewpoint.

## THREE STILLS FOUND IN AUTOMOBILE SHOP

Owner Denies Knowledge of  
Plants and 500 Gallons of  
Whisky Found by Police.

By the Associated Press.

Edward Martin, who lives at the  
Hamilton Hotel and conducts an au-  
tomobile repair shop at 5841 Delmar  
boulevard, expressed great surprise  
yesterday afternoon when he walked  
into the shop and was arrested by  
detectives who had found there three  
stills in operation, 500 gallons of  
whisky in tin cans labeled "Cande-  
line" and 25 barrels of corn mash.  
Martin said he knew nothing of the  
whisky plant and that it must have  
been installed since he started on a  
wedding journey to Niagara Falls a  
week ago.

Martin and Miss Minnette Mezger  
of 4211 Grove avenue were married  
at Clayton last Thursday. At that  
time Martin was said to be a full-  
blooded Indian and a graduate of  
the Carlisle Indian school. It was  
reported that he had made large  
sums of money through oil holdings  
in Oklahoma.

The moonshine plant found in  
Martin's repair shop is said by the  
police to be the most elaborately in-  
stalled plant of its kind discovered  
in St. Louis. They estimate that the  
capacity of the stills would be 1000  
gallons a day. There were an elec-  
tric pump to carry the mash to the  
stills, a chimney canopy to carry off  
the odors and a sound-proof room  
for the distilling operations.

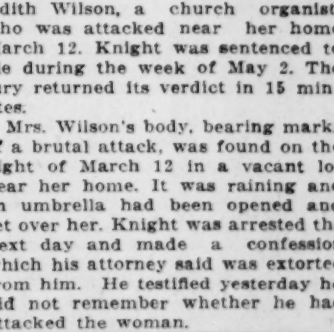

## PAPERS IN BERGDOLL CASE SENT TO STATE DEPARTMENT

By the Associated Press.  
WASHINGTON, March 24.—A  
papers in the War Department re-  
lating to the case of Grover Cleve-  
land Bergdall, escaped America  
draft evader, now in Germany, was  
transmitted to the State Department  
today at the direction of Secretary  
Weeks with a request that they be  
considered from an international  
viewpoint.

The Secretary said he had made a  
careful study of the papers and  
found nothing to indicate that an  
formal request for return of Berg-  
dall had been made of the German  
Government. The war status be-  
tween the United States and Ger-  
many had a natural effect on diplo-  
matic relations, Weeks said, but he  
added that Bergdall had violated a  
British passport obtained in Can-  
ada and that as Great Britain was  
at peace with Germany, it would be  
possible for her to ask for deliver-  
ance of persons who had violated pas-  
port laws. There was no intimation  
however, that the United States  
would suggest that Great Britain  
should make an effort to get Bergdall  
back to this country.

result of a study of the case from an  
international viewpoint.

LENIENT IRISH POLICY  
URGED IN COMMONS

Arthur Henderson Says Sinn Fein  
Put No Faith in Lloyd  
George's Promises.

By the Associated Press.  
LONDON, March 24.—An Irish  
debate was raised in the House of  
Commons yesterday by Francis Dyke  
Acland in appealing to the Govern-  
ment to act with magnanimity before  
Easter. He advocated the summon-  
ing of a constituent assembly to  
choose the form of an Irish consti-  
tution. The members who supported  
Acland made much play of the  
analogous situation in South Africa.  
Former Premier Asquith criticised  
the Government's failure to employ  
the same vigor in vindicating the law  
in Ireland against the Crown forces  
as against the Sinn Feiners, and, in  
suggesting that the Government  
again get in touch with the repre-  
sentatives of the Irish people, said it  
was useless to lay down impossible  
conditions in such negotiations.

Lloyd George's Reply.  
Replying to Asquith's indictment  
of the Government in connection  
with the executions at Mount Joy  
prison and elsewhere, as bringing  
disgrace and shame upon England  
in the United States, Premier Lloyd  
George said that two of the men  
executed at Mount Joy were mur-  
derers and that the other four were  
engaged in an ambush to kill po-  
licemen; they were taken with arms,  
bombs and soft-nosed bullets in their  
possession.

"I venture to say," he went on,  
"that the American papers, while  
quoting Mr. Asquith's statements will  
not publish the facts I am now stat-  
ing." He contended that such mis-  
representation was responsible for  
opinions in the United States.  
He said the Government was ar-  
ranging to hold elections under the  
home rule act in Ireland next May  
for both the North and South, and  
if the representatives of the South  
chose to participate, the two parlia-  
ments could then meet as a consti-  
tuent assembly under the provisions  
of that act to consider and recom-  
mend changes. If they refused thus  
to participate, the responsibility  
would be theirs.

Respecting negotiations, his pre-  
vious offer still held good; there would  
be no demand for the prior surren-  
der of arms as a condition of such  
negotiations. The surrender of arms  
would only be required as a prior  
condition of a truce or an armistice.  
Lloyd George declared he was la-  
boring to the utmost to keep the door  
of peace and conciliation open, and  
every Irishman ought to assist. Some  
of the greatest men in English his-  
tory had tried, but failed, to solve  
the Irish problem, and he and his  
colleagues felt no shame that up to  
the present they had failed.

He feared that the real reason  
which prevented negotiations was  
that there was no Irish leader pos-  
sessing moral courage to face his  
people and tell them he was going  
to abandon certain demands for the  
sake of Ireland which it was impos-  
sible for the British Government to  
concede.

Henderson Assails Premier.

The Irish labor members, includ-  
ing Arthur Henderson, expressed the  
greatest disappointment over the  
Premier's speech and reproached the  
Premier for his treatment of the  
late John Redmond, when the latter  
courageously tried to bring about  
reconciliation as justifying the Sinn  
Feiners' reluctance to place confi-  
dence in the Premier. Henderson  
said that before the Sinn Feiners  
could respond to Lloyd George's  
present suggestion they must have  
very definite assurances that the ne-  
gotiations would lead to definite  
business.

### WOMAN'S CONVICTION REVERSED

She Had Been Sentenced in Case of Girl's Death After Operation.

The Missouri Supreme Court yesterday reversed the conviction of Minnie Keller of St. Louis, sentenced to three years' imprisonment for causing the death of Mabel Hitz, by an illegal operation. The girl died April 23, 1918. The conviction was obtained largely upon the dying girl's statement.

The higher court held that this was not sufficiently corroborated by competent evidence.

### ARGUMENT AGAINST NEGOTIATIONS WITH INDIVIDUAL RAILROADS

Continued from Preceding Page.

plying alike to all railroads, was made.

"As representing the federated shop crafts employees, we hold that an agreement applying alike to all railroads will be as great, if not the greatest, factor in assisting to establish efficient and economical railroad operation, and to remove the costly labor turn-over, which has existed to a greater or less extent and is due mostly to the fact that wages and conditions of employment on one railroad were more favorable than upon another railroad."

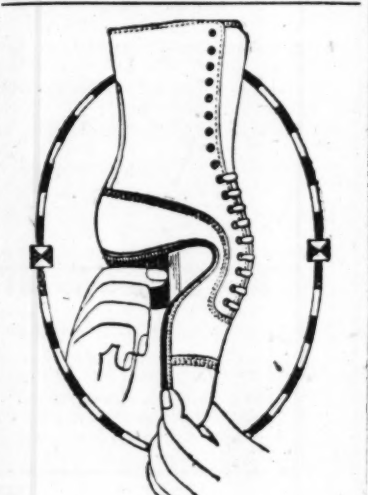

Jewell's statement is expected to occupy several days in its presentation to the Labor Board, following which the labor side will present numerous exhibits on the various rules and principles of the national agreement.

### Scientific Classification.

Scientific classifications of railroad employees will be taken up for the first time between representatives of the Railroad Labor Board and of the Interstate Commerce Commission at a conference in Washington on March 30. It was announced today by G. W. W. Hanger, a member of the board. A statistical study of such classifications has just been completed and approved by the Labor Board. This study will form the basis of a uniform classification to be made later by the commission.

A force of experts has been engaged in compiling the classification data for the Labor Board for the last six months. An attempt has been made to get a uniformity of designations for all occupations doing exactly the same work. Classifications now in existence have been criticized, it was said, because men of varying occupations were designated by different names on different roads.

Representatives of railroads and labor organizations will confer with the board and commission experts at the meeting to offer advice and amendments. When the classification schedule is complete, the Interstate Commerce Commission is expected to adopt it, probably in condensed form, as its standard for issuing all occupational statistics, particularly on occupational earnings.

### Why Wear Arch Supports?

Unless you have a serious case of fallen arches, you can get all the arch support you need in the Cantilever Shoe.

The corseting effect provided by the flexible arch and snug lacing over a padded tongue, will be more comfortable, pleasanter, and more curative than metal supports.

Fallen arches are the result of failure of the muscles to hold the bones in place. These muscles must be encouraged to exercise and strengthen.

The flexible arch Cantilever Shoe gives free play to the foot muscles. Blood circulation is stimulated. The abused foot is made comfortable while nature restores the arch to normal.

A severe case of flat-foot should be attended by your physician or by a foot doctor. The Cantilever Shoe will assist him in curing you.

## SIX RAILWAY UNION OFFICIALS INDICTED

Mayor of Harrison, Ark., Will  
Appeal to Government in Be-  
half of Strikers for Mediation.

By the Associated Press.  
HARRISON, Ark., March 24.—Indictment of six officers of international railway unions, four of whom were arrested Tuesday on orders of Circuit Judge Shinn, and announcement by Mayor Guy Trimble that he would appeal to the Department of Labor at Washington in behalf of the strikers for mediation, were developments yesterday in the strike situation on the Missouri & North Arkansas Railroad.

The union men indicted are charged with intimidating witnesses summoned before the Boone County grand jury. They are: C. M. Carey, Chicago, vice president of the Conductors; G. W. Anderson, Sedalia, Mo., vice president of the Trainmen; L. M. Eddy, San Francisco, Telegraphers; W. E. Jenkins, Moline, Ill., Dispatchers; W. J. Potts, Little Rock, Ark., Dispatchers; W. E. Horn, Chicago.

General Manager and Receiver Phelan of the railroad has announced that he would oppose mediation of the road's labor controversy by the Government.

Patrolling of the railroad tracks and other property of the Missouri & North Arkansas in Carroll, Boone and Sevier counties was begun in accordance with a decision reached at a mass meeting here to furnish the protection declared by the railroad to be necessary to operation of traffic.

In Carroll County members of the patrol were appointed deputy sheriffs at the instruction of the County Judge, who stated that the county would pay all expenses of this protection. In Boone and other counties members of citizens' leagues volunteered their services and were placed on duty as special officers.

Phelan announced that operation of the road would be resumed probably Friday, but heavy rainfall is retarding repair work on bridges which were burned.

The mass meeting here, which almost became a riot, was attended by bankers, business men, merchants, professional men and county officials of five counties in Northwest Arkansas through which the railroad operates. The action of the strikers was condemned in speeches and a committee was appointed to demand that the strike leaders from national headquarters of the various unions leave the county at once.

Teachers Who Dance to Be Dropped.  
MORGANTOWN, W. Va., March 24.—L. C. Smith, superintendent of Morgantown public schools, announced today that teachers who attend dances during the school year will not be re-employed next year. This rule, Smith said, was adopted by the Board of Education, which decided that teachers who attend were inclined to neglect their school work.

It's different from others because more care is taken in the making and the materials used are of higher grade.

## GOVERNESS EXONERATED OF CHARGE OF \$500,000 THEFT

By the Associated Press.

MEDIA, Pa., March 24.—Madame Jeanne Aubert, former governess in the home of George McFadden Jr., a wealthy cotton broker, was exonerated yesterday of a charge of larceny and conspiracy resulting from the disappearance last October of jewelry valued at half a million dollars belonging to Mrs. McFadden. McFadden testified at the hearing that Madame Aubert told him Mrs. McFadden and her mother, Mrs. Benjamin Franklin Clyde, planned the theft in order to get money for the former to go to France. "To make herself attractive to a Grand Duke," he said she intimated she ought to receive \$50,000 "to save the family honor."

Madame Aubert and Blanche Maugé, formerly a maid in the McFadden home, were arrested last week, charged with the theft, which occurred last October. Miss Maugé, at liberty under \$50,000 bail, Madame Aubert was formerly a teacher of French in the Shipley school at Bryn Mawr.

George Wharton Pepper, counsel for Mrs. Clyde, said the McFaddens were satisfied with the outcome of yesterday's hearing. "Madame Aubert's accusations, as related by Mr. McFadden," he declared, "made it necessary to thrust the matter out in court, as the most effective means of stopping them." Mrs. McFadden on the stand denied the governess' story.

## MARRIED WOMEN WORKERS BEING DISPLACED BY PLANT

Manager of East St. Louis Water Company Says Jobs Will Go to Unmarried Women and Men.

CHARLES M. HERNER, manager of the East St. Louis & Interurban Water Co., with offices at East St. Louis, today announced that married women employed by the company whose husbands are employed would be replaced by unmarried women for men. Nine married women, clerical workers, have been discharged in the last few days on this account. Their salaries averaged from \$70 to \$100 a month.

## CIRCUIT JUDGES TO PROTEST AGAINST REDISTRICTING BILL

Special to the Post-Dispatch.

JEFFERSON CITY, March 24.—A majority of the 18 Circuit Judges in the State will meet in Jefferson City Monday and register a protest against Gov. Hyde's signing the Elmer judicial redistricting bill, which was passed by the Legislature. The bill reduces the number of Circuit Court districts from 38 to 24, and legislates seven Democratic Judges out of office, permitting the Governor to fill the vacancies.

That all of the opposition to the bill does not come from Democratic sources was learned today when it was announced that Judge Almon Ing of Poplar Bluff, and Judge R. A. Breuer of Hermann, two Republicans, would be here to oppose approval of the measure. Ing and Breuer are opposed to the bill because they say it will overrule the decision of the Supreme Court by adding several counties to their districts.

**Good Friday**

To bravely bear pain, to cheerfully  
meet adversity,

To gladly forgive affront, to willingly  
condone injustice,

To lend a helping hand to striving men  
and women,

To kindly regard the poor, to fairly  
consider the rich,

To judge dispassionately, to speak  
temperately,

To cherish that for which Christ was  
crucified and to understand that the  
civilization of which we are so proud  
cannot be maintained unless His teach-  
ings be perpetuated.

What better day than this to search our  
hearts and to resolve that memories of  
Calvary shall be our mentor in what-  
ever work or fellowship we may find  
ourselves?

Highly recommended by scores of St. Louis residents who have been greatly benefited, a wholesome remedy known as AL-LON has proved most efficacious for stomach pains and disorders. In cases of gastritis, when painful jabs have formed over the heart or in the shoulder, AL-LON has been of inestimable value. Indigestion of long standing, stomach and bowels, cramps, nausea, colic and weak stomach in men, women or children may be effectively relieved by AL-LON. For beneficial proof secure a jar of AL-LON from J. A. Dolph, 2101-2103 Broadway, St. Louis, Mo., or from all up-to-date druggists.

## RECORD RAINFALL RECALLED IN GRADE CROSSING HEARING

Testimony Designed to Show  
Recurrence Would Not  
Flood Proposed Cut for  
Wabash Tracks.

The greatest rainfall in the official Weather Bureau records of St. Louis, that of Aug. 19, 1915, was recalled today in testimony before the Public Service Commission in the hearing on the application of the city for the separation of the railroad and street grades at the Delmar boulevard crossing of the Wabash Railroad. The hearing opened yesterday.

Weather Bureau reports showing that 7.93 inches of rain fell in 36 hours were introduced. Unofficial records in the West End showed 8 inches. The rain was accompanied by a 78-mile wind, causing the storm to be referred to as the West India hurricane, because of its origin. The Wabash tracks along Forest Park were flooded with four and one-half feet of water. The Meramec River showed a rise of 48 feet, which caused it to spread miles over the country in St. Louis County. There is a legend that 8.2 inches of rain fell in the city in 1848, but there are no Weather Bureau records to support it.

The purpose of the testimony was to show that, under the city plan for the depression of the Wabash tracks skirting Forest Park, provision is made so that even in a recurrence of a storm of this proportion, no water from the River Des Peres could reach the tracks. It is proposed to confine the river in a culvert alongside the tracks. The railroad is opposing separation and particularly the depression plan on the complaint that the plan would turn the cut through, which the tracks would run into a sewer to catch the overflow of the river.

City's Elaborate Plan.  
L. R. Bowen, engineer of the Board of Public Service, in opening his testimony yesterday, explained in great detail the city's plan for the elimination not only of the Delmar crossing, but of crossings along the entire stretch of approximately two miles of Wabash track lying between King's highway and the point at which it emerges from the city north of Olive Street road.

In his discussion he anticipated many objections of the railroad to the plan, including grade and drainage problems and the clearance of bridges which would carry the streets over the track depression.

The city's plan is for the depression of the tracks from the point at which they enter Forest Park at its east extremity to the intersection of De Baliviere avenue and Union boulevard, involving the shifting of Grand drive in Forest Park, which now runs beneath the tracks, to a point several hundred feet west where the drive would be carried over the tracks. The plan in the park provides for an embankment on either side of the depression of such character as to be susceptible of landscape treatment.

Plan for Ascent to Grade.  
From the intersection of Union boulevard and Lindell the tracks would continue in a depression to Delmar boulevard, at which point they would begin an ascent which would carry them over Olive Street road and permit them to reach present grade again at Etzel avenue.

An objection of the railroad in the past has been that such a plan would create an impossible grade from an operating standpoint. Bowen stated that his plan contemplated a grade of no more than 8 of 1 per cent at any point. He showed that the maximum grade of the present tracks was in excess of 1 per cent.

Railroad's Objections.  
Another objection of the railroad would not permit a clearance under bridges sufficient to allow a man to ride on the top of freight cars. The clearance under the city plan would be 18 feet, which would not permit a man to stand atop a freight car.

Alschuler Agreement.By The Associated Press.  
WASHINGTON, March 24.—Rep-  
resentatives of the packing industry  
and its employees, who reached an  
agreement here yesterday to avert a  
threatened strike, were congratulated  
today by President Harding on the  
amicable settlement of the first big  
labor problem faced by the new ad-  
ministration.The packers' and employees' com-  
mittees were accompanied to the  
White House by Secretaries Davis,  
Wallace and Hoover, who acted with  
them in the negotiations, and by  
Samuel Gompers, president of the  
American Federation of Labor. The  
President thanked the entire dele-  
gation for their work, declaring they  
had rendered a great public service  
by coming to an agreement.It was Gompers' first visit to the  
White House since the change of ad-  
ministrations. He declared himself  
much pleased with the settlement  
and with the statement of congrat-  
ulation made by the President.

President's Statement.

Addressing the joint committee,  
President Harding said:  
"I have asked you in solely for my  
own satisfaction. I have learned  
that you have found a way to avoid a  
suspension of activities in the pack-  
ing industry and I wanted, in the  
presence of the Cabinet representa-  
tives who have joined you in this  
matter to express the appreciation  
of the Executive.""I want to say in regard to the  
controversy that this administration  
has nearest to its heart at all times  
any righteous helpfulness that it can  
give in avoiding a suspension of in-  
dustrial activities in this country. I  
have said publicly, and I want to say  
it to you, if we can bring our civil-  
ization to a point where we can meet  
around the table in advance and ad-  
just our differences righteously, we  
have made a long step toward tran-  
quility."

Expresses Appreciation.

"Please know, those of you who  
speak for labor and those of you who  
speak for management, that the ad-  
ministration does not want to intrude  
unduly on any occasion, but we al-  
ways want to be helpful in the cause  
of justice and the harmonizing of  
these two elements of American ac-  
tivity. Please go away assured of  
the appreciation of the Executive  
that you have brought about a solu-  
tion of the controversy in the great  
packing industry. I am grateful to  
you for myself and I know the  
American people will be pleased."Concessions by both the packers  
and their employees made possible a  
settlement of the dispute. Repre-  
sentatives of the latter agreed to ac-  
cept the wage reduction of 8 cents  
an hour and 12 1/2 per cent for piece-  
work, while the packers met the de-  
mand of the workers for extension of  
the war-time arbitration agreement  
for six months, or until next Sept.  
15. The other major provision of  
the agreement was the retention of

Dispatch to London Says Score More Are Not Expected to Live; Anarchists Suspected.

By the Associated Press.  
MILAN, Italy, March 24.—In reprisal for the explosion of a bomb in the Diana Theater here last night, which killed 20 persons, Nationalist elements attacked the office of the newspaper Avanti, Socialist organ, but were repulsed. They succeeded, however, in wrecking and setting fire to the office of an anarchist publication and two Socialist halls.

By the Associated Press.  
LONDON, March 24.—A bomb explosion took place in the Diana Theater at Milan, Italy, last night, 20 persons being killed, according to a dispatch to the London Times. Many were injured, at least 20 of whom are not expected to survive.

Police believe that the outrage was the work of anarchists as a protest against the imprisonment of Malatesta, an anarchist.

## STRIKE IN PACKING PLANTS AVERTED BY AGREEMENT

Continued From Preceding Page.

that his provision fixing a definite date for termination of the war-time arbitration agreement would "enable the packers to complete the plans already announced to adjust between themselves and their employees all matters of mutual interest."

Provisions of Agreement.

Provisions of the agreement as signed by J. C. Condon and Carl Meyer, representing the big five packers, and by Dennis Lane and Redmond S. Brennan for the Amalgamated Order of Meat Cutters and Butchers' Workers of North America, follows:

"1. The wage cuts of 5 cents per hour for hourly workers and 15% per cent for all piece workers shall remain in effect as of the dates announced by the packers and shall not be subject to any further arbitration; if any further reductions are desired they shall be submitted to the administrator.

"2. The basic eight-hour day and overtime rates as announced in the latest rulings of Judge Alschuler, shall be restored, subject, however, to the right of the employers or employees to submit to the administrator, if they desire, any question as to changes therein.

"3. The agreement of Dec. 25, 1917, and extensions thereof and all decisions thereunder (except as herein modified) shall remain in effect until Sept. 15, 1921, at which time the agreement and all awards connected therewith shall absolutely terminate and all understandings terminate.

"4. Judge Samuel Alschuler, or his predecessor, as administrator, shall until said date retain and exercise all the jurisdiction and authority heretofore existing and the employers and the employees shall abide by his decisions in all matters of jurisdiction and power under the administration and all subjects of hours, wages, conditions and adjustments thereof, excepting as hereinbefore set out. The employers and employees shall, however, be permitted to put into operation plans whereby they may develop a method to handle between themselves all matters of mutual interest so long as they do not interfere with the administration.

"5. Any questions relating to hours or wages submitted to the administrator during the continuance of the agreement shall be submitted in written briefs, unless otherwise requested by the administrator.

The employees' letter to Secretary Davis embodying the terms agreed on contained a sixth provision which read as follows: "Sixth—We understand and appreciate that this agreement contemplates and covers the exigencies and conditions at this time in the packing houses within the Alschuler administration, without relation to industrial conditions or wages generally."

It is understood that at the last moment there was a threat of further discussion, but Secretary Davis is said to have exclaimed: "What's the use of arguing? Sign." The two sets of representatives thereupon affixed their signatures.

Plant Closed; 250 Men Out of Work.  
The National Malleable Iron Casting Co. of East St. Louis, manufacturers of railway equipment, last night closed its plant for an indefinite period, throwing 250 men out of work. Lack of orders was given as the reason. For the last three months the plant, which normally

employed about 750 men, had been operating with a small force.

## Would you believe it—

If we were to bring a Western Electric Ironer to your home, and if you, after learning in a few minutes how to operate it, were to iron your whole week's ironing on it in a single hour—would you believe then that

The New  
Western Electric Ironer  
can save you hours of work?

This ironer is the most wonderful labor-saver that has appeared in many a day. It is made by the same people who made the Western Electric Washer, and it is a fit companion to it. What the Western Electric Washer has been doing to wash-day for years in ten thousand or more St. Louis homes, the ironer can do to the ironing day. It can cut the work of the ironing day more than half in two.

It irons everything. Anything that you can iron by hand, you can iron on this ironer. Anything—even ruffles, neckbands, collars and cuffs. And its work is equal to the most careful hand ironing.

**A. CLERKS WILL PROTEST  
AGAINST FIVE DAY LAYOFFS**

A protest against the action of Chicago & Alton Railroad in ordering its clerks, freight handlers and station employees to lay off for five days this month and five days next month, was forwarded yesterday to W. E. Schultz, general chairman of the Chicago & Alton of the Brotherhood of Railway Clerks, Freight Handlers and Station Employees, to the brotherhood headquarters to be lodged with the Railway Labor Board.

Schultz declared that the order was put into effect Tuesday, when 37 men, half of the union members employed here and in East St. Louis, were laid off for five days. The other half will be laid off for a similar period at the end of that time, and the whole process will be repeated next month, he said. About 1000 men on the system are affected, Schultz said.

He declared that the order was in direct violation of the Railway Labor Board's ruling made July 20, 1929, forbidding such suspensions.

**WIFE SUCCEEDS JOY  
AS RECORDER OF DEEDS**

Governor Hyde Appoints Her to Fill Unexpired Term When Husband Resigns Because of Illness.

Mrs. Charles F. Joy was today appointed by Gov. Hyde as Recorder of Deeds of the City of St. Louis to succeed her husband, who sent his resignation to the Governor yesterday. Joy, a former member of Congress and one of the most widely known men in political life here, is in Mulvaney Hospital suffering from cancer of the throat.

The term for which Joy was elected and which his wife has been appointed to fill out, ends in January, 1933. Mrs. Joy has been performing her husband's duties as Recorder of Deeds for the last three months. The salary of the Recorder is \$4000 a year. The recent Legislature defeated a bill to increase this to \$5000, though it gave increases from \$5000 to \$6000 to the clerks of the criminal division of the Circuit Court and of the Court of Criminal Correction.

Mrs. Joy on May 5, 1920, was appointed index clerk in her husband's office at \$126.50 a month, and recently when his throat began giving him serious trouble Joy expressed the wish that in the event of his death his wife be appointed to succeed him. Consequently, St. Louis Republicans, including Mayor Kiel and Collector Koehn, conferred with the Governor, with the result that Joy tendered his resignation yesterday with the understanding that Mrs. Joy was to be given his position.

Joy, who is 71 years old, is serving his third four-year term as Recorder of Deeds. He served five two-year terms in Congress from March 4, 1892, to March 4, 1903, representing the Eleventh Missouri District. He was elected Recorder the first time in 1907. On Oct. 12, 1919, Joy reported that he had incurred 100,000 mortgage foreclosures since the beginning of his first term.

**DECKER EXONERATES MAN HE  
HAD IMPLICATED IN MURDER**

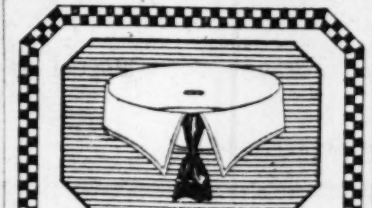

Indiana Youth, in Third Confession, Says He Killed Chum in Fight in Cabin.

By the Associated Press.  
WARSAW, Ind., March 24.—Virgil Decker, 19 years old, held here charged with the murder of Leroy Lovett, 19, his chum and double, made a third confession last night, in which he exonerated "Dago Joe" Invaginola of any connection with the killing. In his latest statement, which was made through his attorney, he said he killed Lovett during a fight in a cabin on the Tippecanoe River near Atwood, Ind.

In the statement as given out by his attorney, Decker said he and Lovett had been drinking together in Warsaw on the night of March 11. Toward morning they went to the cabin on the Tippecanoe River. Both being in an intoxicated condition, a quarrel occurred in the cabin, he said, during which he picked up an iron bar and struck Lovett on the head with it, killing him.

## TRUCE CALLED IN BUILDING TRADES WAGE DISPUTE

Unions, Fighting for Wage  
of \$1.25 an Hour, and  
Contractors Strengthening  
Lines for New Clash.

CONTRACTORS TRYING  
TO FORCE 20 PCT. CUT

Master Painters, Who Threat-  
ened Lockout, Agree to Al-  
low Pay Rate to Continue  
Until Employers Can Or-  
ganize.

A truce in the fight of organized  
labor in the Building Trades Coun-  
cil on one side, to maintain the basis  
wage of \$1.25 an hour, and the em-  
ploying contractors of the Building  
Industries Association on the other,  
to enforce a reduction of 20 per cent  
in wages, has been declared, while  
both sides recruit new forces and  
strengthen lines for a greater contest  
to come in the near future when the  
contractors are expected to make a  
concerted effort to bring down wages  
in the building trades.

Yesterday afternoon the first of a  
series of meetings of contractors was  
held to discuss the situation and  
more effective means to deal with  
the unions, and last night the Build-  
ing Trades Council met and took ac-  
tion by which the unions hope to  
eliminate the contractors from the  
building industries by making it im-  
possible for the unions to erect build-  
ings themselves.

In the last few months nearly all  
the contracts with workmen in the  
building trades expired and at each  
instance the workmen were asked to  
accept reduced wages. The unions  
resisted and in each case, excepting  
that of the paper hangers who are  
now on strike, succeeded in having  
the basic wage continued.

Truce in Painters' Case.  
Last night the Master Painters'  
and Decorators' Association, which  
has threatened a lockout of painters  
unless the men accepted a 20 per  
cent decrease in wages, decided to  
allow the prevailing wage to con-  
tinue. T. J. Blong, the president, an-  
nouncing that the master painters  
would meet the demands of the uni-  
ons for a temporary period, or "un-  
til the employers could make a seri-  
ous and concerted effort among the  
employing contractors for the pur-  
pose of dealing as a unit with the  
unions."

It is known that the employing  
contractors are not nearly so well or-  
ganized in the building industry as  
are the various unions, and while the  
unions have always dealt as a unit  
through the Building Trades Coun-  
cil, the employer has dealt through  
individual associations representing  
particular branches of the industry.  
It now appears that there is a con-  
certed movement by the employing  
contractors to find a way to deal as a  
unit with the unions.

Elimination of Contractors.  
M. J. Cassidy, secretary of the  
Building Trades Council, said the  
Building Trades Council last night  
decided to investigate the feasibility  
of eliminating the contractor from  
the building industry in view of the  
general attitude of contractors to-  
wards the wages of workmen in the  
industry.

There is affiliated with the Build-  
ing Trades Council the Technicians'  
Union, Local No. 14, composed of  
architects, draftsmen and civil en-  
gineers. Cassidy said, "and it is be-  
lieved feasible to have the union  
deal directly with owners in the  
erection of buildings."

Contractor a Middleman.  
"The building contractor is a mid-  
dleman. We do not believe he is ab-  
solutely necessary to the industry.  
We can supply from our member-  
ship architects, engineers and skilled  
erecting superintendents, and we see  
no reason why we could not deal di-  
rectly with the owner and eliminate  
the middleman's profit. This would  
enable us to pay a living wage with-  
out adding to the cost of building.  
The exorbitant cost of building mate-  
rials at present is responsible for de-  
pression in the building industry,  
and we will continue to press the  
contention of employers that a reduc-  
tion in wages would stimulate build-  
ing."

Cassidy said the unions had given  
the builders an opportunity to deal  
as a unit on all controversies  
through a blanket agreement. This  
agreement was approved by a joint  
committee of the unions and build-  
ers and approved by the Building  
Trades Council. The builders have  
deferred action on it, but will take it  
up for consideration this week, as  
one possible measure of relief from  
the present situation.

The contractors holding engineers  
yesterday asked the unions to accept  
a reduction of 20 per cent in wages,  
which was refused. About 125 men  
would be affected. Communications  
with the same request were sent to  
the Carpenters' and Metal Trades  
councils.

## Walk-Over

## THE MASTER

It is a new shape in the new brown shade

Another Walk-Over combination-fitting oxford  
is something entirely new in shoe construction.  
Not only new in style, but in the cast of the shoe.  
It has the right instep fit that evenly distributes  
all the weight. It feels good.

The heel fits as though it were tailored. It is  
wide at the bottom and converges at the top. It  
would stay on without lacing.

The new brown shade is a deep, rich  
tone. Not a surface color, but  
right in the Russia leather. \$10

## DAUES FAVORED TO SUCCEED REYNOLDS

City Counselor's Close Margin of Defeat in Primary Regarded as Favorable Argument.

Politicians see in the present vacancy in the Judgeship of the St. Louis Court of Appeals the opportunity for the cementing of an alliance between Gov. Hyde and Mayor Kiel. The vacancy resulted from the death, last week, of Judge George D. Reynolds. Judge Reynolds was elected last November for a 12-year term, and the Governor's appointee will serve until the fall of 1922, when a Judge will be elected for the remaining 10 years of the term.

City Counselor Daues was a candidate in the primary last summer for the Republican nomination for Judge of the Court of Appeals. He was backed by Mayor Kiel and the Courthouse ring, and was opposed by a considerable part of the house-cleaning element. He led in the vote in the city, but the vote of the 23 counties of the court district overcame this lead, and renominated Judge Reynolds by a small margin. The fact that Daues came near obtaining the nomination is being used as an argument in support of his claim for appointment now. However, the Governor is not obliged to consider this, and the appointment of Daues would be looked upon as a friendly overture toward the Kiel administration. The Governor has already shown his desire to propitiate the Kiel machine by coming to St. Louis Monday night to speak in the opening rally of the Kiel third-term campaign. In that speech he defended his action in supporting, at this time, the machine which he denounced last summer.

The appointment of Daues to a position outside the city administration would remove one of the sources of criticism of Mayor Kiel. In the appointment of a relative to one of the highest positions in the city government, Daues is a cousin of the Mayor, though the degree of this relationship has not been stated, and is said by the Mayor to be remote.

## JURY ACQUITS MAN OF LIQUOR THEFT CHARGE

James F. Traynor Establishes Alibi for Presence in Alley Near Point of Theft.

In Judge Hartmann's court yesterday afternoon a jury acquitted James F. Traynor of a charge of burglary in the first degree and larceny in connection with the theft of liquors valued at \$100 from the home of James L. Hopkins, 3931 Westminster place, the night of Oct. 11, 1920. Two other men, Roe Sanders of 103 North Fourth street, and Theodore Werner of 5541 Washington avenue, were named as defendants with Traynor. Sanders pleaded guilty Tuesday and was sentenced to seven years in the penitentiary. Werner took a severance and the State elected to try Traynor first.

Traynor and Werner were arrested in an automobile which Traynor was driving in an alley in the rear of Hopkins' home, after Sanders had been arrested in the back yard. The liquor had been carried from the cellar to the back yard and the State attempted to show that Traynor drove his car up for the purpose of

## Lloyd George Was Chiefly Responsible for Secrecy at Paris, Lansing Asserts

Former Secretary of State Says It Is Absurd to Try to Make Woodrow Wilson Responsible for Creation of Council of Four.

For the secrecy which attended the work of the Council of Four, Premier Lloyd George is declared to have been chiefly responsible, in the third of a series of articles on "The Big Four at the Peace Conference," by Robert Lansing, former Secretary of State, which is published today in the Saturday Evening Post. Previous articles have dealt with President Clemenceau and President Wilson.

After describing the British statesman's quickness of mind, his personal charm and delightful humor, as well as his opportunism, want of depth and occasional bluster, the writer proceeds to discuss what he terms a "deplorable phase of the proceedings at Paris."

The chief motive for the creation of the Council of Four was due to a desire for secrecy, it is declared. That Lloyd George originated the idea, Lansing says he believes, but does not positively know. It is absurd, he continues, to attempt to make President Wilson responsible, and to assign as a reason certain attempted actions by the Council of Four during his brief visit to the United States in February. No action was attempted contrary to his wishes while he was absent.

Result of Policy of Secrecy. The result, it is pointed out, was "to keep decisions hidden even from the delegates of countries whose national rights and interests were affected, until the German treaty was in final form and printed. This is declared to have been contrary to the spirit of open diplomacy and of common justice."

A humorous account is given of passages between Lloyd George and Clemenceau over leakages from the council chamber, which found their way into the press of Paris and London.

"In truth," the writer asserts, "Mr. Clemenceau and Mr. Lloyd George were equally desirous for political reasons to have certain matters made public, but each of them wished to keep the other in the dark as to what those matters should be."

Lloyd George and Clemenceau

anything they are entitled to at least as much as was previously appropriated, and the State is not able to pay that amount.

THREE CITY HOSPITAL EMPLOYEES

OUTSTED WHEN WOMAN IS HURT

Stretcher Bearers Fail to Give Explanation Satisfactory to Hospital Manager.

Three city hospital stretcher bearers were discharged by Dr. Robert Henry, manager of the hospital, last night, when they failed to give an explanation satisfactory to him for an injury suffered by Nina Clark, 24, when she was taken to the hospital for treatment for alcoholism.

She was taken into a room where a stomach pump was to be used, and before a doctor and a woman attendant arrived her nose was injured. Dr. Henry today said there probably was a fracture.

The policeman who arrested the woman at Fifteenth and Locust streets reported she was not injured when he turned her over to the hospital attendants. The men dismissed were Holla Hughes, Ewald Gieseler and August Remmers. All three denied the charge.

# ST. LOUIS POST-DISPATCH

ST. LOUIS, THURSDAY EVENING, MARCH 24, 1921.

## THEATER MEN VOICE OBJECTION TO NEW LICENSE PLAN

They Say Film Distributors' Policy of Charging Rentals According to Locations Keeps Profits Down.

CITY SAID TO BE DIVIDED IN ZONES

Exhibitor Says People Demand the Advertised Pictures and They Have to Pay High Rentals.

Moving picture distributors have divided St. Louis and the other cities of the country into zones for the purpose of fixing rental rates for films and the high rates charged by them constitute one of the objections to the proposed scale of theater licenses embodied in a bill now pending in the Board of Aldermen.

The Aldermen's Legislative Committee held a public hearing yesterday afternoon on this bill and representatives of the Motion Picture Exhibitors' League gave testimony in support of their opposition to the scale.

They also said that unemployed men are forced to reduce their admission rates in order to maintain attendance. All theaters, whether for moving pictures or "legitimate," now pay \$150 a year license. The bill provides a sliding scale of license fees, based on seating capacity and admission fees.

Classification Plan. The fees under these classifications would be \$125 for a year for places charging not more than 25 cents; where charges are not over 40 cents, \$175 to \$200; over \$1. from \$200 to \$1000; over \$1.25, from \$400 to \$1500. The exhibitors urged an amendment to the bill to fix the fee for places with seating capacities of 1000 to \$150, where a medium admission is charged, and to enact a sliding scale of larger fees for larger and more expensive places.

Fred Wehrenberg, vice president of the Motion Picture Exhibitors' League, said that the exhibitors in the grades and in the high schools are increasing steadily; that the children stay longer and go higher in the school than in the past.

In 1911 only 2.54 per cent of the school enrollment was in the high schools; in 1920 this had increased to 12.50 per cent.

There is no single asset in any community more valuable than the habit of sending children through the grades and to the end of the high school.

The whole city, in every part, is the gainer; but it costs more money when the taxes must supply to send a boy through eight or 12 grades, than merely through five or six.

Any reluctant taxpayer dare to prefer to fill the city with fifth-grade pupils rather than with eighth-grade or high school men?

(d) There are more than 36 half-time sessions substituted now in crowded schools for all-day sessions. That is, one room is being made into two schools for all-day sessions.

There are two sets of children in one day. A room full comes from 8:30 to 12:30; then another lot fills the same room from 12:30 to 4:30. More than 1200 children attend these half-time sessions.

This means that increasing hundreds of children are being crowded into the same schools, and the school day is being made to be a four-hour school day, instead of a full day.

Is it fair for this community to deliberately withhold from any St. Louis child his full right and equal opportunity of adequate schooling?

(e) There are 116 rooms in so-called portable buildings for school children of the city in these buildings.

Use of Portable Schools. "These small, single-room units serve well enough the temporary emergency that may arise when a new district is opened remote from a fireproof school building; it may be both fair and economical to house a school in portables until conditions have more definitely established the proper location for a permanent building."

## SCHOOL TAX CAMPAIGN COMMITTEE PRESENTS ARGUMENTS FOR INCREASE

Pamphlet on "The School Question" Includes Questions Relating to Proposed 85-Cent Tax, and Answers.

"Ten cents more, and progress, or 15 cents less and calamity."

This is the motto which appears on a campaign pamphlet, "The School Question," issued by the Citizens' School Tax Campaign Committee, with the approval of the Board of Education. The pamphlet relates to the issue to be determined in the special school tax election, to be held April 5.

The matter is in question and answer form, as follows: "1. Why another special school tax election?"

"Because the State Constitution limits the rate for school purposes to 60 cents on the \$100, unless at a special election held for the purpose."

## MRS. PARK, IN ADDRESS, DEFENDS WOMEN'S BILLS

Voters' League Chairman Says Greatest Task Is to Convince Congress Measures Are Not "Fads."

1000 WOMEN AT TEA GIVEN FOR HER

Addressing C. of C. Luncheon, She Urges Co-operation Between Men and Women in Legislation.

Mrs. Maud Wood Park, chairman of the National League of Women Voters, who is making her annual visit to the various State headquarters of the league, delivered two addresses yesterday, the first at a luncheon of the Chamber of Commerce at Hotel Statler and the other at a tea given in her honor at the hotel by the St. Louis League of Women Voters.

At the Chamber of Commerce luncheon she spoke in defense of the various legislative measures proposed by women's organizations, which many have termed "fads and freaks," taking as her subject, "What Are We Willing to Have Our Government Pay For?" Mrs. Park, who also is chairman of the Women's Joint Congressional Committee, which is the lobby maintained at Washington by 12 national women's organizations, was present throughout the last session of Congress.

She said that a majority of the members of Congress when approached by the women's organizations, were present throughout the last session of Congress. ## Transmission of Electricity by Wireless Not Over-Fanciful, Union Electric Head Declares

Possible Progression of Electrical Science Discussed by Louis H. Egan Before Engineers—“Super” Power Plant Planned for St. Louis.

Some possible progressions of electrical science which, he said, seemed unreal and visionary in bald statement, but which assumed credibility when compared with advances of the immediate past, were submitted last night to the consideration of the Associated Engineering Societies of St. Louis by Louis H. Egan, president of the Union Electric Light & Power Co., and applied by him to the feasibility of developing a "super power plant" in St. Louis.

As another measure of the science's strides, he cited that the Union company power plant at the foot of Ashley street was built not more than 15 years ago, a house at capacity machines capable of producing 12,000 kilowatts of power, but that the same four walls now contain machines which will produce 122,000 kilowatts of power in the same space of time, the tenfold increase being attributable to a tremendous increase of efficiency accomplished for electrical machinery.

He mentioned also the interesting fact that this power plant now has a daily capacity greater than the heat units necessary to produce the given unit of electricity. He said that the remarkable gain in pulverizing coal seemed to be that coal or heat units necessary to produce the given unit of electricity.

He said that the remarkable gain in pulverizing coal seemed to be that coal or heat units necessary to produce the given unit of electricity. He said that the remarkable gain in pulverizing coal seemed to be that coal or heat units necessary to produce the given unit of electricity.

## PLAN TO USE BLOCK FOR PARKING SPACE

Downtown Property Owned by City May Be Used to Relieve Traffic Congestion.

A plan to use the block between Twelfth and Eleventh streets, Clark avenue and Spruce street, for automobile parking, was started by the Traffic Committee at its March meeting at the city hall yesterday. Congestion of downtown traffic due to parking and other causes has been one of the committee's chief problems.

Comptroller Nolte told the committee, which is composed of commercial, transportation and civic interests, that the city will allow the use of the block free of charge for a year at least if the committee will have the lot leveled. The city owns the block, it being the site of the old Four Courts and now occupied only by the morgue at the southwest corner.

To Supply Work. The Traffic Committee is willing to set applicants for relief to work on the leveling of the lot. The Traffic Committee sends men out on such work without charge and pays them by furnishing meals or compensation. The Traffic Committee hopes to arrange for the use of the lot and obtain someone to conduct parking there as a concession, a small fee to be charged.

The committee will recommend to Director of Streets and Sewers Talbert that roped safety zones for the convenience of street car passengers be installed on Washington avenue between Twelfth and Eleventh streets. They are now in use between Fourth and seventh streets. It was suggested the zones might even be used as far as Jefferson avenue. Sgt. Eilers of the traffic squad said he doubted that the zones will be of service at corners without traffic policemen. His men are stationed only as far west as Twelfth street.

A subcommittee consisting of H. E. Engel, W. L. Patterson and F. J. Riefing was appointed to survey traffic in front of the Delmonte Theater on Delmar boulevard and between Clara and DeBaliviere avenues. Police regulations require parking at an angle here on the theory that this incurs less delay. It was said that passing automobiles and street cars actually are seriously delayed by parking this way and that many accidents have resulted. It was suggested that eight feet be cut from the sidewalk on the south side of this block. The sidewalk is very wide.

Survey of Traffic. The same subcommittee will survey traffic at Goodfellow avenue and Delmar boulevard, where two serious accidents have occurred recently, one of them fatal. It was suggested that parking be prohibited at the northwest corner on both streets as a safety measure.

The Traffic Committee will press a request for the extension of Sixth, Seventh, Eighth and Ninth streets as one-way streets from Washington to Franklin avenues. A subcommittee arranged to urge Chief of Police O'Brien again to provide policemen to prohibit parking on the south side of St. Charles, between Eighth and Tenth streets. This has been agreed to, but cannot be enforced without policemen. The traffic squad lacks men now. The Traffic Committee turned down a proposal of the Safety Council that it merge with the council. It was felt that the Traffic Committee can function better independently.

Will of Miss Reta Maxon. The will of Miss Reta Maxon, daughter of a pioneer steam and electric railroad builder, who died recently at the home of her brother-in-law, Dr. W. A. Shoemaker, 4288 Westminister place, was filed yesterday by the St. Louis Union Trust Co. and Dr. Shoemaker, executors. By the terms of the will her property is to be divided equally between her sisters, Mrs. Shoemaker and Mrs. Lucia M. Worthington of Denver, Colo.

### "PULLERS' BILL" NOT TO AFFECT LABOR PICKETS

Measure, With Amendment Exempting Unionists, to Be Reported Saturday.

The "pullers' bill" to prohibit solicitation of trade on the sidewalks by retail stores, amended to exempt strike pickets from its provisions, will be reported out of committee favorably at the next session of the Board of Aldermen, at 10:30 a. m. Saturday. This was decided by the Legislation Committee yesterday after a tilt between members favoring and opposing the report. The bill was scheduled for final passage last Friday, but was recommitted by a vote of 15 to 13.

The bill is favored by the Associated Retailers and opposed by the type of merchants who send "pullers" out on crowded thoroughfares to induce trade. Labor interests were opposed to the bill for fear it might subject strike pickets to arrest and the amendment exempting them was introduced at the request of Maurice Cassidy, secretary of the Building Trades Council, and others. The amendment provides that the bill shall not apply to "members of bona fide labor organizations doing picket duty." A similar amendment which had been proposed was worded "lawful picket duty," but Cassidy succeeded in having the word "lawful" stricken out on account of the legal contention that has arisen as to what picketing is lawful, if any.

Alderman Hall moved to accept the amendment and report the bill favorably, and was seconded by Alderman Groeschel. Aldermen Baur and Otto, the opponents of the bill, carried on a lengthy argument against it, chiefly on the ground that it would be class legislation, and would be declared unconstitutional. They voted against the report. Chairman Wyrick and Aldermen Hall, Groeschel, Eilers and Udell voted for it.

### INGROWN TOE NAILS

Nail Turns Out Itself if you Toughen Skin Underneath

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night. "Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

CAPTAIN CHARGED WITH  
MURDER OF CRONKHITE

Author and Engineer Arrested in  
New York City in Connection  
With Shooting of Major.

By Leased Wire From the New York  
Bureau of the Post-Dispatch.  
NEW YORK, March 24.—Capt.  
Robert Rosenbluth, 43 years old,  
formerly engineer, author, war veter-  
an and city employee, was arrested  
last evening at the Civic Club, 14  
West Twelfth street, on a warrant  
issued by Federal Commissioner  
Hitchcock, charging him with the  
murder on Oct. 25, 1918, at Camp  
Lewis, State of Washington, of Maj.  
Alexander P. Cronkhite.

Capt. Rosenbluth was locked up  
at police headquarters as a Federal  
prisoner to await further investi-  
gation of the case. He refused to  
make any comment in the hour dur-  
ing which Federal and city ques-  
tioners were closeted with him other  
than to recall that on the day after  
the shooting of Maj. Cronkhite he  
had testified at an inquiry at Camp  
Lewis that the Major shot himself.

No Statement Made.  
The authorities declined to make  
any statement, even refusing to ex-  
plain the arrest in view of the asser-  
tion in Providence, last Saturday of  
Roland R. Pothier, formerly a Ser-  
geant, living at Central Falls, R. I.,  
that he killed Maj. Cronkhite. He  
pleaded guilty before a Federal com-  
mission to a charge of involuntary  
manslaughter.

That Maj. Cronkhite was shot  
when at pistol practice in plain view  
of several men was the story told  
by Pothier. This was the conclu-  
sion, too, of an army court-martial  
of inquiry. The dead man's father,  
Major-General Adelbert Cronkhite,  
however, on returning from France,  
caused the body to be exhumed and  
the investigation to be renewed.  
Pothier testified at Camp Lewis that  
the shooting was accidental and that  
the Major was killed by a bullet  
from his own revolver.

Capt. Rosenbluth said he was the  
author of books on forestry and on  
port development. He said he did  
considerable work in the State, in  
the Philippines, in Utah, in Wash-  
ington and elsewhere for the Gov-  
ernment as a forestry investigator.

He was employed by the city, he  
said, under Miss Katharine B. Davis  
when she was Commissioner of Cor-  
rection. He said he went to Platte-  
burg, obtained a commission there  
and served in France with the First  
and Second Engineers' Corps. Re-  
turning to this country he was sent  
as an instructor to Georgia. Maj.  
Cronkhite being at the same camp.  
Both eventually were transferred to-  
gether to Camp Lewis.

Capt. Rosenbluth said that he was  
a Philadelphia native now residing  
in this city and that both his father  
and mother were physicians, his fa-  
ther being superintendent of a large  
Philadelphia hospital. Both his par-  
ents are now dead.

After being mustered out of the  
military service on Jan. 8, 1919, said  
the prisoner, he went to England,  
France, Turkey, Russia and Siberia,  
returning recently with a report on  
grain conditions in those countries.  
This report he sold to exporting  
houses interested in conditions  
abroad.

## REPLIES TO RUSSELL SAGE REPORT ON STATE SCHOOLS

Missouri Superintendent Issues Lengthy Statement—State System Was Ranked 34th.

Special to the Post-Dispatch.  
JEFFERSON CITY, March 24.—Sam A. Baker, State Superintendent of Schools, has issued a lengthy statement, the purpose of which is to refute the findings of the Russell Sage Foundation, which after a comparative study of the public school systems in the United States, assigned thirty-fourth place to Missouri. The statement says that the Foundation report "took the salaries of county superintendents and the salaries of teachers, the apportionment of money made for school purposes, and then averaged them and got 34 as the result."

Baker contends that the question of literacy was not taken into consideration. On the basis of literacy, he asserts, Missouri ranks not lower than fifteen.

The Russell Sage Foundation, in making public its report on the State educational systems, said the results were computed by taking the official data showing the number of children attending school, the amount of training they obtained, the progress they made, the amounts expended for buildings and supplies, the salaries paid teachers and other similar items, combining these factors into a single index number, tending to show the general standing or efficiency of the school system. The author of the Russell Sage Foundation report, Dr. Leonard P. Ayres, served during the war as chief statistical officer of the army.

Uncle Sam Pays Only 2 Per Cent on Savings in His Postoffice Banks, But No St. Louis District Investor Has Any Excuse For Getting Less Than 7 Per Cent: Here's the Plan.

The New York Nation complains because the Federal Government pays only 2 per cent interest on deposits in postoffice savings banks, and urges that the rate be raised to 4 per cent, to encourage savings.

Here in the St. Louis district no one who is willing to invest savings for income has any excuse for getting less than 7 per cent.

Union Electric Light & Power Co. preferred stock, low on sale, pays \$7 a year in cash dividends on each \$100 share—\$1.75 every 90 days. This income is regular and dependable.

The number of St. Louis district investors who own shares of this stock is now well over 5000. They know it is worth what it costs. They know its income can be counted on, through good and bad years alike. They know that in case of need the Company will re-sell their shares for them, without charging a penny for the service.

You can buy these shares—any number from one share up—at our SECURITIES DEPARTMENT, room 201 Union Electric Bldg., 12th and Locust Streets, St. Louis, or at Union Electric's offices in St. Louis, St. Charles, Franklin, Jefferson and Perry counties. MAIL ORDERS FILLED PROMPTLY BY REGISTERED LETTER. The price is \$100 a share for cash; \$102 on a ten-payment plan, under which buyers pay \$10.20 a month for ten months on each share, draw 5% interest on their payments, and can withdraw all payments, WITH INTEREST, any time before the last payment is due. Mail or telephone us your address and we will send a salesman, or a circular, as you prefer, to explain this offer in detail.

**MORE TRUTH THAN POETRY**  
By James J. Montague.

**SOLD!**  
I seldom commit any overt act.  
My temper is well controlled.  
But with inward fury my soul is racked  
When some fellow remarks, "I'm sold!"  
He doesn't mean that he's sold at all,  
Or anything else, again;  
It's a hollow phrase, but you'll hear it fall  
From the lips of a million men.

They're "sold" on the author they like to read,  
They're "sold" on their favorite soap,  
They're "sold" on the Athanasian creed,  
They're "sold" on their Heavenly hope;  
And I know a man (till I shot him dead—  
A punishment all too mild  
To fit the crime) who recently said  
He was "sold" on his wife and child.

They're "sold" on the plays that they like to see,  
They're "sold" on their dogs or cats,  
There's a lot of 'em "sold" on the G. O. P.,  
And a few on the Democrats.  
And one or two, like Wilson was,  
Are "sold" on the human race,  
While others are sure they're safe because  
They are "sold" on a means of grace.

I'm not a person who likes to rant  
On the faults of my brother men,  
But I'd fain escape from this frightful cant,  
If it only were now and then,  
And as long as I'm tarrying here below,  
Though it irks me to fume and sould,  
I will tell the world (if it cares to know)  
That I'll still be unsold on "sold."

**NO HOPE FOR HER.**  
Much may come in and go out  
like a lamb, but nobody will say a  
good word for her as long as she  
ushers in the income tax collector.

**TOO MUCH OF IT.**  
Mr. Harding wants normalcy in  
the United States, but he refuses to

stand for it in Central America.  
That's why he has stopped the Pan-  
ama-Costa Rica war.

**IT EASILY BOILS OVER.**  
The trouble with Belshazzars in  
this country is that they keep try-  
ing to stir the melting pot.

**It Might Work.**

A wife had been confiding to a  
clergyman some of the shortcomings  
of her husband.  
"Certainly," agreed the clergyman,  
"he seems to treat you rather un-  
kindly. But you took him for bet-  
ter or for worse."  
"Well, it has always been for  
worse, so far as I can see," replied  
the woman, dabbing at her eyes with  
a handkerchief.  
"Have you ever tried heaping  
coals of fire on his head?" inquired  
the clergyman.  
"No, I haven't," she answered,  
grateful for the new suggestion. "So  
far I've only tried hot water."—

**Affection's Fount.**

Wife (pleadingly): I'm afraid,  
Jack, you do not love me any more  
—anyway, not as well as you used  
to.  
Husband: Why?  
Wife: Because you always let me  
get up to light the fire now.  
Husband: Nonsense, my love!  
Your getting up to light the fire  
makes me love you all the more.—

**Deference to Public Opinion.**

"Why should a man of your  
wealth care for money?"  
"I don't care for it," protested Mr.  
Dustin Stax. "It's the importance  
that other people attach to it that  
makes the individual feel it's desir-  
able to have as much of it as possi-  
ble."—Washington Star.

"The man that argues with a  
woman is a fool," said Mr. Gadsper.  
"I agree with you," said Mr.  
Twibble.  
"And if he expects to have the  
last word he's an even bigger fool."

and the 'Missus' quarrel about this  
morning?"—Birmingham Age-Her-
